

We are committed to educating and providing sustainable resources to our local community through local partnerships. Your support will be used to growing these programs and our outreach.

ABOUT US

Established in 2016 as a health initiative,
Fayette County Farmers' Market is a
local artist and growers-only market
supporting local farmers, producers and
consumers. The market is dedicated to
providing educational programming,
healthy food options to an otherwise food
desert and is establishing itself as it's
own 501(C)3 entity.
